

Junior Project Manager Transportation (f/m)

GEOCONSULT (www.geoconsult.eu) is an independent engineering & consultancy group serving private enterprises and governments around the world. The company provides services in the disciplines of civil, structural and geotechnical engineering, soil and rock mechanics, geology, environmental and mining engineering. The services include all investigation- and design phases from early feasibility stage until commissioning. Through its successful engagement in more than 1500 projects in over 50 countries, GEOCONSULT has earned a high reputation and is recognized as a reliable, efficient and flexible professional partner by its clients.

For our national and international projects in Europe and Latin America, we are looking for a committed and motivated **JUNIOR PROJECT MANAGER TRANSPORTATION** (f/m).

Your Tasks:

- Project management and coordination of the department involved in the planning, as well as of the authorities and client representatives to be involved
- Project management, monitoring and coordination of cross-company and cross-department companies in national and international infrastructure projects
- Contract and cost management
- Operations with our customers directly on site

Required profile:

- Completed studies of civil engineering, specialization in transportation
- At least 5 years of experience in international transport projects, preferred railway and urban railways
- Spanish as mother tongue
- Good English language skills are a must, knowledge of German is an asset
- Open-minded and flexible, willingness to travel internationally and preparedness, capability for team work as well as be ready for independent and responsible work

What you can expect in return

- A highly motivated, fast growing and internationally operating company
- Flexible working hours
- Fair remuneration

Do you think that you are the perfect match for this position? Then apply today!
