

AND NOW, WHAT? 1st Workshop for students who are thinking about their future Granada, 13th May 2015

AIMS

We have decided to create a workshop in which students will present different options of what to do after university (in the near future):

- ✓ Continuing university studies (masters'; PhD; etc.)
- ✓ Starting a professional career (as a civil engineer)
- ✓ Breaking all their previous plan. Finding new paths

It will be interactive. Therefore, it will be absolutely necessary to put our soft skills to work (communication, adaptability, problem-solving, strong work ethic, team working, negotiation and emotional intelligence)

DEVELOPMENT

Over the next two months students will be working on their assigned option in small groups. They will spend approximately eight hours:

- ✓ Planning their roles
- ✓ Researching and studying documents
- ✓ Developing a multimedia presentation

On the day of the workshop and after a brief presentation by the host (introductions, goals and methodology), students will give their presentation trying to persuade the audience that their option is the only way forward. After a coffee-break there will be time for debate, feedback from the hosts and elaborate "take away". The workshop will last 3 hours, from 16:30 to 19:30.

STUDENTS PROFILE (only 9 pax. Maximum)

- ✓ B2 (C1 is preferred) English Level.
- ✓ Must be in their last academic year or alumni.
- ✓ Experience of living abroad is preferred but not essential.
- ✓ Pro-active attitude
- ✓ Currently in the process of deciding their future.

HOSTS

Ruth Burrow. A proficient English teacher. She will supervise and support students with the language needs throughout the process.

Germán Martínez Montes. Professor of Project Management. Department of Construction and Project Management. University of Granada. He will guide students in their planning, research and performance.

APPLICATION DEADLINE

Interested students must send an e-mail to:

Germán Martínez Montes. gmmontes@ugr.es
